

# Spokane County Human Rights Task Force

## CREED

The SCHRTF is founded upon the principles of the Declaration of Independence, the United States Constitution, and the Constitution of Washington State.

- SCHRTF supports the self-evident truth that all persons are created equal
- SCHRTF believes that the dignity and worth of each human being is inviolable
- SCHRTF opposes discrimination or the denial of "Equal Protection of the Laws" based upon race, color, ethnicity, religion, creed, gender, age, disability, sexual orientation, gender identity or social and/or economic status. SCHRTF rejects any doctrine that advocates the superiority of any individual or group over another.
- SCHRTF is committed to respecting the autonomy, work and leadership of individuals and organizations addressing human rights.

I support and accept the SCHRTF's mission, purpose and creed.
